## **Need a Good Realtor? Visit RealtorRatingz.com**

SUNNYVALE, Calif., June 13, 2005 – Where do you turn when you need a realtor? Most referral services are operated by realtors, and do little to screen the participating members. RealtorRatingz.com allows buyers and sellers to read (and post) independent ratings and reviews. Realtors are rated on knowledge, helpfulness, and work quality.

Ratingz<sup>SM</sup> Inc, an Internet company formed to provide consumer ratings for a wide range of services, created RealtorRatingz.com. Ratingz Inc President John Swapceinski is also the founder of RateMyProfessors.com, America's number one rating site among college students, and a co-founder of RateMDs.com, RateMyTeachers.com, and LawyerRatingz.com.

Swapceinski said, "The tremendous popularity of RateMyProfessors has demonstrated the unmet demand for ratings and reviews for all sorts of services. We think the realty services market is ready for online ratings."

"People are constantly looking for recommendations for realtors and other professionals," stated Bob Nicholson, VP of Marketing. "We decided the time was right for clients to talk to one another and share their experiences, rather than relying on the many biased, industry-funded referral sites."

Visitors to the new website can praise or pan realtors by leaving ratings and comments. They can check out realtors by reading the comments left by previous visitors.

The site is also useful for realty firms, who gain valuable client feedback. RealtorRatingz.com is free of charge to all users.
