**RestaurantRatingz.com Announces
2006 Top Restaurants in America Awards**

SUNNYVALE, Calif., January 8, 2006 – RatingzSM Inc, operator of the RestaurantRatingz.com website, announced today its selection of the 25 top restaurants in the United States, based on ratings and reviews submitted to RestaurantRatingz.com.

According to Bob Nicholson, VP of Marketing for Ratingz Inc, the award selections take into account the ratings and comments submitted by site users, as well as the frequency of ratings. “We wanted to recognize restaurants that sustain a high-quality operation over time.”

Nicholson adds that it’s difficult to compare the winners because they are so diverse. “Some are fine dining establishments, others are sandwich shops. We have winners in small towns and big cities, and in states all across the US. The common thread is a commitment to customer satisfaction.”

RestaurantRatingz.com was founded in July 2005, and features more than 44,000 restaurant reviews.

Visitors to the site can praise or pan restaurants by leaving ratings and comments. They can check out other places by reading the comments left by previous visitors.

The site is also useful for owners and managers, who can find out what their customers really think about their restaurants.

RestaurantRatingz.com is free of charge to all users.
